BULLETINS AND CIRCULARS OF THE CONFEDERTERRA (National Confederation of the Workers of the Land)
(35 pp; Italian; 1951)

25X1X

The Bulletins of Economic Information are numbered 1, 2, and 3, dated 5 Feb 51, 23 Feb 51, and 9 Mar 51, respectively, covering the period from 22 Jan 51 to 4 May sic 51. Quotations and developments on domestic and foreign commodity markets are reported briefly, and the comment are given the usual Communist slant, purporting to show how the American government's policy of war and the Italian government's manipulations with vested interests are at the bottom of the country's ills.

The circular letters are from the Secretary General of Confederterra in Rome to all provincial offices. Circular No 4 of 15 Jan 51 urges stronger participation in the Unione Internazionale dei Sindacati Lavoratori Agricoli e Forestali (International Union of Farm and Forest Workers' Unions). Circular No 5 of 15 Jan 51, referring to alleged government laxity in providing a sufficient supply of fertilizers at official prices and to manipulations of the Montecatini company, appeals to Confederterra members for increased agitation to publicize and remedy this situation in their own province and requests reports on such activity as well as on the current local situation with regard to copper sulphate. Circular No 6 of 7 Feb 51 attacks and introduces the first of the above mentioned Bulletins and requests comments or suggestions and any information on local market conditions. Circular No 7 of 12 Feb 51 denounces the government's proposed defense rearmament and stabilization programs as a war policy restricting civil liberties, squeezing the small businessman and farmer, and allowing free play to monopolies and speculators. Circular No 8 announces the First National Congress of the Association of Pioneers of Italy (API) to be held in May and suggests activities which the provincial Confederterras might promote in this regard. Circular No 8 of 19 Feb 51, which is addressed to all provincial Federbraccianti and Federmezzadri, deplors their lack of response to an earlier circular discussing abuses in municipal registers of farm workers. Circular No 9 of 19 Feb 51 to the provincial Confederterras announces professional courses given under the Ministry of Agriculture and Forests by the Provincial Agriculture Inspectorates with the approval of the Provincial Agriculture Committees and instructs the Confederterras to have their representative on the Committees see that the courses meet the needs of their particular localities and that the greatest possible number of their members attend. Circular No 10 of 5 Mar 51 discusses aspects of the tobacco-growing industry and gives the Provincial Confederterras instructions on organizing this industry.

Foreign document or a microfilm of it is available from CIA Library, [REDACTED]
